PHIL NEAL

PHEW! Another Lancashire derby to get our teeth into.

We have only just got our breath back after Saturday's encounter with Wigan and here we are preparing for what looks like being an equally tough match.

I was delighted to see the lads bounce back from the Mansfield setback. Obviously,

I'd settle for the same result tonight but I know Micky Walsh will be doing his utmost to get his boys to make it difficult for us.

I wish Micky well as, I'm sure, will everyone here at Burnden Park, where he has such strong connections from his playing days. But I know he'll understand that those best wishes to not

extend to tonight's game.

It was nice to see David Reeves and Julian Darby among the goals again on Saturday. They have been overshadowed by Tony Philliskirk in that respect and Julian, in particular, hadn't scored for quite a while. It just reinforces my belief that we have people throughout the team who are capable of getting us goals—I just wish we could get a few more!

We've picked up a couple of injuries lately with Philly missing Saturday's game and Mark Winstanley joining him on the casualty list. I hope they turn out to be short term rather than long-term problems.

Whether Philly is available or not for tonight isn't apparent at the time of writing these notes but what is for sure is that he, along with everyone else, will have to be 100 per cent before being considered.

Stuart Storer is the perfect illustration of that point. We held him back until he could prove to us that he was fully fit and full of running and happily he showed no ill-effects whatsoever against Wigan.

I think the tendency at this stage of the season is to look around and keep tabs on other teams' results. But I prefer to think that whatever we achieve in terms of our promotion aims is going to be down to us—no-one else. Nobody is going to help us, so let's not look too deeply into other people's results. Our fortune is in our own hands.

An update of todays opposition

BURY

For the second time in four days there is a local derby at Burnden Park, for this evening we extend a warm welcome to the players, officials and supporters of Bury.

Last Saturday the Shakers drew 2-2 at Crewe, being denied a victory by an Andy Sussex penalty in the last minute. That result left Bury in fourth position in the Third Division, eight points behind third-placed Bolton having played a game more. Bury have 55 points from their 35 games but such is the lightness in the top half of the table they have only 3 points more than 10th placed Birmingham.

Only Southend (56) and Grimsby (53) have scored more goals than Bury (52), but then again no side in the top half of the table have conceded more goals than the Shakers (45) suggesting that games are rarely dull when the men from Gigg Lane are involved.

It's pleasant to dwell on the playing side of things but, sadly, off-the-field considerations have clouded much of Bury's campaign. A pre-season spending spree was the talk of the division as manager Sam Ellis lashed out £175,000 on Shrewsbury striker John McGinlay, £125,000 on Oxford defender Colin Greenall, £90,000 on Brentford full-back Roger Stanislaus and £40,000 on Fulham midfielder Ronnie Mauge, balanced partly by the sale of Jamie Hoyland to Sheffield United.

Coupled with last season's expenditure on the likes of defender Alan Knill (£95,000 from Swansea), striker Tony Cunningham (£40,000 from Blackpool), goalkeeper Gary Kelly (£70,000 from Newcastle), full back Chris Withe (£40,000 from Notts County) and midfielder Mark Patterson £80,000

from Preston) it made Bury one of the most expensively-constructed sides in the lower divisions.

Despite this ambitious team-building and a side which showed consistent form, reaching the play-offs last season and being firmly in touch with the top sides so far this, the response through the turnstiles has been disappointing. Last season's average gate was only 3,450, this season's so far is around 3,200. For last Tuesday's home game with Shrewsbury, after the Shakers had won four and drawn three of their last eight games, only 2417 tricked through the Gigg Lane turnstiles.

When hopes of a good cup run to help balance the books evaporated with first round exits in the Rumbelows Cup (3-4 on aggregate at the hands of Bradford) and FA Cup (1-2 at HFS Loans League side Chorley) rumours of financial problems hit the press.

How many previous managers must have wished for the type of financial resources afforded to Ellis. But the former Blackpool boss left the club and moved in as Peter Reid's number two at Manchester City. His assistant, former Wanderers defender Mike Walsh, took over faced with something of a nightmare scenario in his first managerial post.

Typically the affable 34 year-old Walsh has tackled the job with the determination and hard work which marked his playing days. Knowing that he had to maintain a promotion push on low gates and had to sell or offload players to help balance the books and also help meet the cost of the perennial problem of ground improvements, Walsh simply got on with the job. The players have responded with a kind of Dunkirk spirit and Bury have kept there or thereabouts despite losing captain Andy Hill (to Manchester City on 3 months loan with a view to a £200,000 transfer) and Mark Patterson (£65,000 to ourselves) with the possibility of further departures before the transfer deadline.

The Wanderers' long unbeaten run began at Gigg Lane in October when Tony Philliskirk's penalty salvaged a point in a 2-2 draw. Times have changed since then and now with both sides having promotion in their sights we look forward to an entertaining game.

An update of today's opposition

Goalkeeper Garry Kelly joined Bury from Newcastle in October 1989. After a successful two month loan spell, the Shakers forked out £70,000 for the permanent transfer of the 24 year-old. Having completed a century of League games early this season the Ere squad member has been ever-present for his new club and has been in outstanding form. Younger brother Alan also completed his 100th League appearance earlier this season, for Preston, but both have some way to go to emulate father Alan, a fine goalkeeper who made a club record 447 League appearances for North End between 1961-75.

Charlie Bishop has made around 100 League appearances for the Shakers since joining the club in July 1987 from Watford. The 23 year-old full-back, who can also play in midfield, was on Stoke's books as a teenager. Andy Feeley made his League bow with hometown Hereford in 1978 but soon later moved into non-league football with Trowbridge Town. The 29 year-old full-back or midfielder was transferred to Leicester for a £10,000 fee in 1984 and later played two seasons for Brentford before joining Bury in the summer of 1989. Colin Greenall, a £125,000 signing from Oxford last summer, has fought his way back into the first-team spotlight after missing much of the early season due to injury. The 27 year-old central defender made nearly 200 League appearances for Blackpool before a £40,000 transfer to Gillingham in September 1986. 18 months later he was on the move again, in a £235,000 deal to Oxford. Last season he spent a loan spell at Gigg Lane which was cut short by injury. Peter Valentine joined Bury from the Wanderers in the summer of 1985 and has since been a regular at the heart of the Shakers defence. The 27 year-old began his career with hometown Huddersfield and spent two seasons at Burnden Park, making 68 League appearances. His career tally has now passed the 300 League game mark. Alan Knill was a £95,000 signing from Swansea in July 1989 and missed only 3 League games in his first season at Gigg Lane. The 26 year-old central defender began his career at Southampton but it was only on moving to Halifax Town in 1984 that he tasted first-team football. Three years later he joined Swansea City where he won a

full Welsh cap against Holland. Roger Stanislaus was a £90,000 summer signing from Brentford. A former Arsenal apprentice, the 22 year-old full back made 111 League appearance in three seasons at Griffin Park.

David Lee's explosive pace and dazzling wing skills make him one of the Third Division's outstanding players. The 23 year-old came up through the apprentice ranks at Gigg Lane and he has made nearly 200 League appearances for the Shakers. Last Tuesday's double strike against Shrewsbury took his goal tally to ten, the first time he had reached double figures in a League campaign, suggesting he is now finisher as well as provider of goals. Liam Robinson joined Bury from Huddersfield in 1986 and became a consistent goal scorer for the Shakers, though this season he has only found the net 3 times. Playing now in a deeper role behind the front strikers, the 25 year-old from Bradford has a career tally of 77 goals in around 220 games and at £60,000 must rank as one of Bury's best-ever signings. Ronnie Mauge was a summer recruit from Fulham, a £40,000 fee being a comparatively modest outlay by the

Shakers standards at that time. The 21 year-old Islington born midfielder pulled in the scouts with some dazzling displays and scored eight goals in the first half of the season before being sidelined due to a hernia problem but is now nearing full fitness again.

Midfield dynamo Phil Parkinson joined the Shakers from Southampton three years ago in a £13,000 deal. The 23 year-old who was born in Chorley, had spent three years at the Dell as a full professional without breaking into the League side but since moving back up North has now made over 100 League appearances. Ormskirk born Mark Kearney has made a dozen League appearances for the Shakers on extended loan from Mansfield Town. The 28 year-old joined the Stags from Everton in March 1983 and went on to make around 250 League appearances for the Field Mill outfit. Bury full-back Chris Withe has moved to Mansfield in a reciprocal arrangement.

Experienced striker Tony Cunningham has had something of a nomadic career, representing Lincoln, Barnsley, Sheffield Wednesday, Manchester City, Newcastle United and

Blackpool before joining Bury in the summer of 1989 for £40,000. The 33 year-old Jamaican born forward has scored 87 League goals in nearly 390 games and at 6 ft. 2 ins. is the focal point of many of the Shakers' attacks. John McGinlay has returned to Gigg Lane following a loan spell at Millwall and scored his first League goal since November at Crewe last Saturday. A summer signing from Shrewsbury for a club record £175,000, the 26 year-old Inverness-born striker moved into League football from Highland League side Elgin City in February 1989. Last season he scored 22 League goals for the Shrews, including the only goal in the game at Burnden last April. Farnworth-born striker Kevin Hulme was given his chance at League level by the Shakers two years ago after playing HFS Loans League soccer for Horwich RMI and Radcliffe Borough. The 23 year-old has had to patiently wait his chance and spent part of last season on loan to Chester, but he recently scored five goals in as many games to stake his claim for a regular place.

LEAGUE LENDS SUPPORT TO CRIME PREVENTION WEEK

The Football League has committed its support to national Crime Prevention Week which is being organised under the auspices of The Home Office. A national knockout competition for youngsters, the Crime Prevention Cup, has been organised through the Community Programme in Professional Football, with the Final being played at Wembley Stadium prior to the Rumbelows League Cup Final on Sunday 21st April.

The Crime Prevention Cup, involving over 1000 schools and 10,000 children, has been played as a six-a-side regional competition, with the two winners progressing through to the Wembley final. Every participating child has received information on the different themes involved in Crime Prevention Week as well as a guide to good behaviour on the football field.

Crime Prevention Week begins on April 15th with certain themes being targetted every day. The campaign, which is especially directed at children, aims to show the public that there is something that everyone can do to prevent crime happening, not just to themselves but within their communities.

FAMILY INITIATIVE GOES NATIONAL

The Football League is to set up a National Association of Family and Junior sections at League clubs. The decision follows the inaugural meeting of the Family Initiatives Working Group, comprising representatives from all four divisions, who will now produce a draft proposal for consideration at their next meeting in April. It is hoped that the scheme will be in place for the beginning of next season.

The Association will provide better liaison with The League and will act as a source of guidance and information to Family Organisers on 'best practice' for various topics such as reciprocal visits, closer links with the local community, provision of creche facilities and the de-segregation of family and junior enclosures—which is already happening at many grounds.

At present over 80 clubs operate Family or Junior clubs with many taking part in reciprocal visits on match days and it is hoped that in the near future that all 92 League clubs will operate facilities for Families and Juniors.

F.A. CUP GATES ARE UP

Gates in this year's F.A. Challenge Cup are up with the average attendance in the Sixth Round up by 27% on last year. Over 124,000 spectators watched the four ties giving an average gate of 31,207, which is the best at this stage of the competition for two years.

The draw for the Semi-Finals of the competition resulted in a North London clash between neighbours Arsenal and Tottenham Hotspur whilst Nottingham Forest will meet Second Division West Ham United.

The ties, which take place on Sunday 14th April, are as follows:

Arsenal v Tottenham Hotspur (12.00) Wembley Stadium

Nottingham Forest v West Ham United (3.30) Villa Park

BBC TV will show live coverage of both Semi-Finals.

POSTBAG

Dear Mr. Neal,

We are sisters and of course are both Bolton Wanderers supporters, and over the years have never missed a home fixture! Unfortunately, we are emigrating to Los Angeles, USA on April 9 this year. It will be very upsetting for us both to leave our home town of Birmingham, and knowing that we will no be able to watch Bolton play for at least three or four seasons.

We are wondering, whether it would be possible for you to arrange for both of our names to be printed in a home programme before we leave, and send us both a copy, as we would be delighted to be mentioned in the club's programme, because as you can imagine we are very busy preparing for the move, and therefore are unable to attend another home fixture. Also it would be a splendid way to remember our favourite club by.

However, if this is not convenient, could you please arrange for some signed photographs of the players to be sent to us both, as this would be very much appreciated.

Finally, we would like to thank you for being a super manager—and we sincerely hope you carry on in this way.

May we take this final opportunity to wish the players and the club every success for now and in the future, and thank you for your valuable time and co-operation.

Yours thankfully,

Tracy Davies (16) Sarah Davies (17)
Halesowen, West Midlands.

TWO FACED

Our 'Face in the Crowd' feature (page 25) caused blushes after the Wigan game when TWO supporters turned up to claim the same prize!!

Assistant Commercial Manager, Gary Porter, was convinced enough when first Paul Sheridan walked in but then Steve Dickinson turned up. Both are Wanderers fanatics and both stand in the Burden Paddock.

Paul (pictured right) from Lower Ince said, "I asked my mate if he thought it was me and he said, yes. But looking at Steve the picture looks more like him. Steve, who lives in Leigh said, "I buy a programme every game but it was my mate who noticed it when he was looking for himself."

A quick phone call to Prue at BEAT STREET RECORDS who supply the prizes led to the ideal solution. She decided to break the rules and give both lads a prize. Steve Dickinson quipped, "I wear a cap but I have just bought a bob hat so I'll wear that in future. A relieved Gary Porter said, "I hope I'm never called to an identity parade."

SHORTS

- Huddersfield now have the longest unbeaten league run in Division Three—their last defeat was at home to Swansea on 12 January. Since then the Terriers have won 5 and drawn 7 of their 12 games.
- Swansea, since their win at Leeds Road, have lost each of their last 8 games.
- Leyton Orient have lost each of their last 6 games.
- Due to cup commitments, Cambridge have played only 8 League games since the New Year, winning 6 and drawing one.
- Grimsby striker Neil Woods ended a run of 21 games without a goal by scoring in his side's 4-1 win at Rotherham last Tuesday. With 2 more goals against Brentford last Saturday he now leads the Mariners' scoring charts with 11.
- Wayne Clarke scored 6 goals for Shrewsbury on loan from Manchester City and remains the club's top scorer so far.
- Fulham are the only side in the Football League without an away win in the League.
- Stoke had their first 3 gates under the 10,000 mark but then attracted 15,465 for the visit of Crewe last Tuesday—the second highest Third Division crowd of the season.
- Chester have won each of their last 3 home games—in front of a total of 3,463 spectators for the 3 matches at Moss Rose.

TRANSFER DEADLINE APPROACHES

The deadline for Football League clubs to register new players for the current campaign is 5.00 p.m. on Thursday 28th March. Players registered after this date will only be eligible to play in League matches for which permission is granted by The Management Committee. The Management Committee normally allows such players to appear only in matches which do not have a bearing on promotion or relegation issues. Featuring in any of the League's three knock-out competitions would also be excluded.

Three welcome points after the mid-week defeat at Mansfield. David Reeves opened the scoring with his ninth goal of the season with a fine header while Julian Darby added the second with another headed goal in the second half.

Latics pulled one back with a penalty late on but the Whites held on to secure a hard fought victory.

A look at some of the great soccer stars

Bolton born Alan Ainscow slipped the Burnden Youth net in favour of Blackpool following a recommendation from Roy Harte who was scouting for the Seasiders at the time. Ten months later he made his debut as a raw 17 year old in the Anglo Italian tournament. "We won it" he enthused "and I played in the Final against Bologna along with the former Bury players Alan Suddick and John Murray".

After seven seasons at Bloomfield Road, Alan set off on his travels, first to Birmingham in a £40,000 deal where he linked up with the likes of Trevor Francis. "I had three good years at St. Andrews," he said, "when Everton manager Howard Kendall made a successful £250,000 bid for me. The lure of a big club left me with no hesitation and my wife Paula comes from Ormskirk."

At Goodison Alan linked up with another Bury connection in Neville Southall. He recalled "Nev was a quiet lad then and we had to get him out of his shell. Like all good keepers, and I've played with some good ones, Nev trained hard and I consider him the

ALAN AINSCOW HORWICH R.M.I.

best."

Alan's next move was Hong Kong before spells with Wolves, Blackburn, Rochdale and now in the twilight of his career he's starring with Horwich R.M.I. in the HFS Loans League. "I try to help them along" he said, "and it's a difficult league to play in at times, a bit hustle and bustle. As an ex-pro other players are out to prove something."

Only last weekend R.M.I. were knocked out of the F.A. Trophy at the quarter final stage by Altrincham but Alan insists the 5-0 scoreline flattered. He said, "Funny as it seems we were the best footballing side but they took their opportunity." Of his occasional appearances at Burnden Park Alan remembers one in particular, a Lancashire Floodlit Youth Cup tie.

"It was a seven goal thriller" he recalled, "and Sam Allardyce, Mick Walsh and Garry Jones were playing for Bolton then." Mick Walsh later played alongside Alan in Everton colours and Alan said, "It's nice to see an ex-team mate getting the Bury job and doing well. He's a good lad in the dressing room."

When Alan Ainscow eventually hangs up his boots he would relish the opportunity to remain within the pro-game. "Football has been my life" he said, "but at the moment I'm taking a course in sport and leisure activities and in twelve months time I will be qualified to work in a supervisory capacity within leisure centres."

Alan Ainscow has played under some great managers in his 20 year career and Horwich boss Ken Wright reckons the midfield general still shows the same enthusiasm now as when he was a youngster. "He's a model pro" said Mr. Wright "and it shows. Alan is always at every training session, always gives 100% and you can forget about him."

This evening we feature Mark Patterson the popular midfielder who joined us from tonight's visitors Bury in January. The Darwen born schemer started his football career down the road at Blackburn Rovers where he played 88 times scoring 20 goals. It was there that he played at Wembley in 1987 in the Final of the full members cup. "That's right, we won 1-0 against Charlton. I came on as substitute and helped to set up the winning goal scored by Colin Hendry. It was a fantastic weekend" said Mark.

Mark's time at Rovers was marred by a series of niggling injuries which didn't help him to have a settled run in the side and after five years there he moved onto Preston North End. "The move to Deepdale was a good one for me. John McGrath their manager was very influential on me and I really enjoyed my time there. We made the play-offs and it came as quite a shock when the manager told me about the move to Bury" stated Mark. So after 70 games and 21 goals he was off to another North West Club, tonight's opponents Bury, with him taking up the story; "Sam Ellis the manager at that time at Gigg Lane gave me a lot more confidence. He made you strong mentally as well as physically and he had built up a good side". In fact Bury like his previous club Preston, reached the play-

offs only to go down to Tranmere." It was a major disappointment to lose out once again in the play-offs, in fact I am determined to make sure we go up automatic this season. You could say I have had enough of the play-offs" quipped Mark.

Tonight's encounter against his former team mates is a game he is really looking forward to. "It's a crucial game for both sides. A draw won't really do either team much good and Bury have some fine players who are a real handful with the likes of David Lee, Liam Robinson and Tony Cunningham all potential match winners on their day" added Mark. The twelve months he spent at Gigg Lane saw him represent the Shakers 51 times scoring 10 goals before joining the Wanderers ten weeks ago. "The move to here came right out of the blue really but with Bury in a financial crisis at that time it was a good move for both parties and I settled in a good side virtually straight away although I must admit it was

Mark Patterson in action against Exeter last month.

good to get that first goal against Tranmere a couple of weeks ago" said Mark.

Troubled by a pelvic problem since joining the Whites we asked him about the injury. "Well its probably had most effect during the first ten minutes and last ten minutes of a match but I've managed to try and put it in the back of my mind and concentrate on the game".

Away from the football field he likes nothing better than spending time round his Darwen home doing DIY jobs or working in the garden. "I love getting involved around the home with the wife Lindsay always find-

ing me jobs and we've a couple of youngsters in Jade, whose three and Scott, eight months old. So there's always plenty to keep me occupied at home although I love a game of golf when I've time" he added.

Musically, Mark revealed he is a heavy rock fan with AC/DC being his favourite band.

Returning to the soccer scene and we asked him for his particular favourite goal that he has scored in his professional career remembering that he has already scored well over fifty goals so far. "Well that's for Blackburn Rovers when I was just eighteen. It was a volley

from around thirty yards in a 1-0 win over Middlesbrough" he added.

It was interesting to hear that Mark knew so many of his new team mates when he joined the Wanderers. "Its funny really, but I played with Tommo in the under 15's Lancashire Schools side, while Paul Comstive was a team mate at Blackburn Rovers and likewise Tony Philliskirk at Preston".

Mark has been very impressed in his short time with the club as he explains, "We've a great set of lads at the club making the team spirit first class and I've noticed a number of promising youngsters coming through with Alan Stubbs just one to mention who looks to have a big future in the game".

Manager Phil Neal is noted for his astute signings but the £65,000 he invested just a few weeks ago on Mark Patterson looks to be one of his very best. The tricky midfielder has all the pedigree to help the Whites reach their goal at the end of the season.

Oldham Ath. 1

A strong Oldham Athletic side looked capable of testing the Wanderers promotion credentials at Burnden. The Wanderers however capitalised on some poor Oldham defensive work and never looked back.

Both Wanderers forwards Mike Jeffrey and Ian Stevens outshone their more illustrious counterparts in Paul Moulden and David Currie. Whilst Gary Henshaw and Paul Comstive were tireless in midfield.

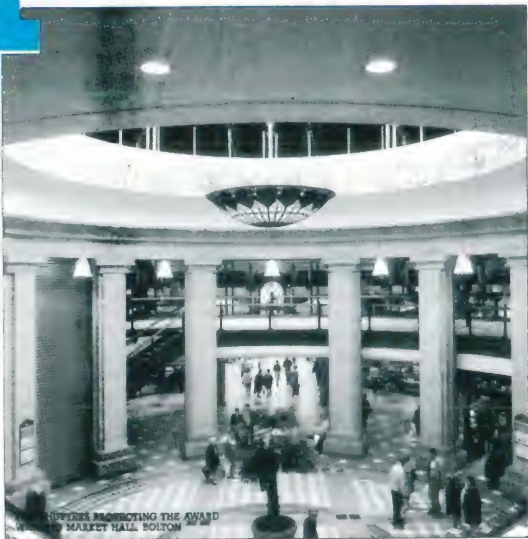

Stuart Storer made a welcome return after injury and caused the Latics defence some problems down the right just as Neil Fisher did down the opposite wing.

Mike Jeffrey put the Wanderers in front after 5 minutes when he accepted a gift after Ian Thompstone's over hit back pass had struck a post.

Thompstone was then guilty of a 'professional foul' on Jeffrey but got away with a booking when the striker was running clear.

Wanderers second goal didn't come until the 64th minute, Alan Stubbs' left wing free kick finding Mark Came who headed past Any Gorton from 15 yards out.

Bolton settled the issue with twelve minutes left. Paul Comstive running clear down the left to swing over a cross that Gorton failed to hold which Ian Stevens gratefully took in his stride.

Oldham then attempted to regain some pride, Paul Moulden having a shot cleared off the line by Mark Came after a defensive error and, with seven minutes remaining, Paul Bernard scored a consolation goal.

REVIEWING 1966...

Always an interesting programme produced by Mansfield Town and last Tuesday night's effort was no different.

Priced at a very reasonable 70p (Stags supporters must be annoyed when they have to pay higher at most other Third Division clubs on their travels) this issue has an identity of its own. Consisting of 32 pages of a A5 size format the cover was very attractive with good use made of the colour photograph provided.

Articles of note inside the magazine included 'Hot off the Press' and 'Vital Statistics' which was a good look at the Wanderers. 'Through the Keyhole' was an interesting piece on Town player Chris Withe, while 'Around 3' featured a round-up of the results from the weekend.

Overall view of the programme is quite good, excellent value for 70p and keeping up the tradition of notable programmes from the Mansfield Club.

A lighthearted look at football

WHAT A STONKER!

Saturday's crucial win over the Pie Men of Wigan was just the job after the nightmare at Mansfield. No one could have forecast that result at Field Mill but it was good to see the lads bounce back with a gritty hard working performance against the Latics. David Reeves scored with a fine header and then we had a touch of comic relief from Wigan goalkeeper Phil Hughes who came charging out of his area only to see his efforts to clear the ball fail and Julian Darby punished him with our second goal. The penalty they got seemed to me to be harsh but in the end they left pointless and we all went home happy with another valuable three points in the bag.

Tonight we have another tough local derby with the 'Shakers' visiting Burnden Park. Bury have steadily climbed back into the promotion reckoning with a number of good results in recent weeks and will be looking to secure a win this eve-

ning to cut back the gap in points which has opened up between the two teams. From our own point of view it's imperative that we maximise home advantage especially with a number of tricky away games coming up starting with Stoke on Saturday.

Mark Patterson will be looking to put one over his former team mates and the tricky midfielder has already made a big impression since joining us from Bury in January. It's not forgotten that he scored a spectacular goal for the Shakers against us back in October but we will forgive him especially if he puts a couple in for us tonight.

And now for a moan: What a load of rubbish was 'The Match' on Sunday afternoon. Jimmy Greaves did his best

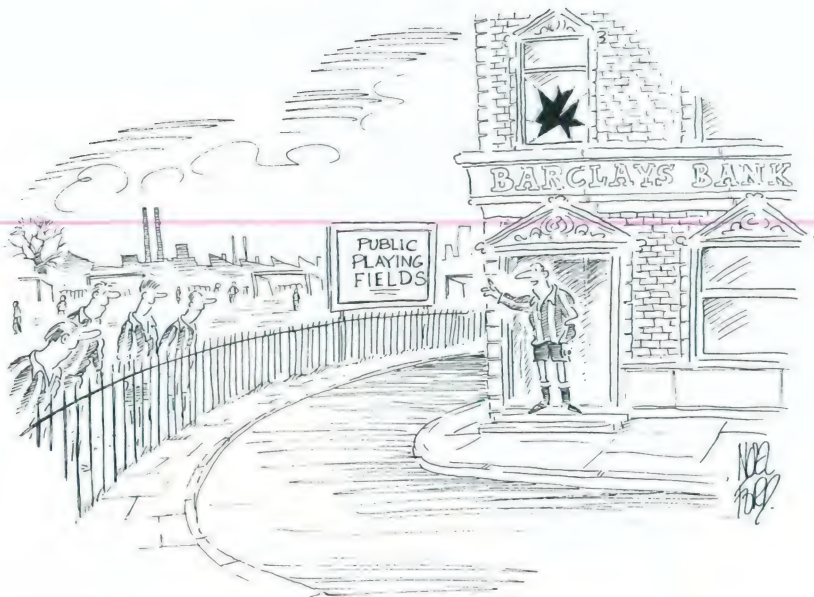

to keep us interested midway through the first half with his comments about trying to get on Arsenal's car park, but really, it was dreadful. It's about time we got a few different teams featured instead of the same three or four every week. Why could they have not chosen the Second Division top of the table clash West Ham v Sheffield Wednesday? It's a shame we couldn't have seen the Celtic v Rangers game; that game really did seem to boil over with four players being sent off.

With Easter now only just round the corner, it's going to be quite a crunch time with Southend visiting on Easter Saturday and our visit to Cambridge the following Tuesday. These games are going to have quite a bearing especially the

Cambridge encounter because they have a number of outstanding games to play and could—if results go their way—climb into the top three. Our particular game at the Abbey Stadium has caused quite a mount of ill feeling among our fans with the switch from Easter Monday afternoon to the Tuesday evening. The reason given for the switch is that the police have notified the club to change the date but that does not help our loyal travelling army of fans who will now need to take at least half a day off work if they wish to see this vital League match.

On closing tonight let's just hope we see a cracker, both teams have everything to play for with the stakes high. Let's get behind the lads and shout them on to victory.

PS—With Southend winning last night it's going to be some game a week on Saturday. Let's hope they don't need help from the 'Angell'... only joking Vicar!

Stuart Storer scores Wanderers third goal against Bury last season—the clubs last goal of the 1980's

Having ended the Bury jinx in last season's encounter the Wanderers are this evening looking for maximum points that will keep them in the Third Division promotion frame.

Not since season 1965/66 have the Wanderers managed to avoid defeat at least once in a term that the clubs have faced each other. Having drawn 2-2 at Gigg Lane last October, this being the first time that Bolton have managed to score more than one goal on the ground since 1929, the stage is now set.

The clubs first met in September 1895 in what was Bury's first season in the top flight. Goals from Jim McGeachen, 'Sparrow' Brown and Archie Paton won the points for Bolton at Gigg Lane.

A month later Bury became the first side to win a league

game at Burnden Park. A 4-2 success giving the Shakers their initial First Division away win in the process. Later that season Bury made a second visit to Burnden for an FA Cup quarter final tie with the Wanderers gaining revenge thanks to a 2-0 win.

Although there has been a long series of encounters between the two neighbours with many memorable moments, perhaps one of the most poignant came in May 1929 at Gigg Lane.

This was the last

encounter between the clubs in the First Division with Bury not having appeared there since. Bury were already doomed to relegation as Bolton fielded a weakened side having won the FA Cup a week earlier. Goals from Jim McClelland (2), George Gibson and Ted Vizard put Bolton four up before two goals from Davin and one from Robbie made the final score 4-3 in Bolton's favour.

Last season's encounter at Burnden was a stirring affair that saw the Wanderers win 3-1 to end a 21

year span between the last home win against Bury.

David Reeves scored two goals in as many minutes before Liam Robinson pulled one back for Bury just before half time. Bolton made the points safe in the 88th minute when Stuart Storer headed in Tony Philliskirk's cross for the club's last goal of the 1980's.

Our overall league record against Bury is as follows:

	P	W	D	L	F	A
Home	27	14	4	9	49	42
Away	28	6	8	14	38	44

PLAYED FOR BOTH CLUBS

Gareth Williams was signed by Cardiff City in June 1961 having been spotted in local schools football. He was born in Wembley but his family hailed from Hengoed in South Wales.

He made his league debut for Cardiff during 1962/63 and went on to make 161 league appearances for them before moving to Bolton in a £45,000 deal in October, 1967.

He made his debut in a 2-0 home win against Norwich City and was a regular in the midfield, later becoming club captain.

Sadly Bolton never really saw the form that had prompted them to bring Williams to the North West and in October 1971 he moved

to Bury for £5,000.

He made 42 league appearances for the Shakers before retiring from football. After a spell in the prison service he later took over the management of a Fylde Coast hotel and now owns a bar in Gran Canaria.

His Bolton record is as follows:

	<u>League</u>		<u>FA Cup</u>		<u>League Cup</u>		<u>Total</u>

1942/43 SEASON

Results for the club were very poor with the opening eight games producing only one victory and seven defeats. The double was then completed over Burnley with the Wanderers having Preston winger Tom Finney as a guest at Turf Moor. This was the only occasion that the illustrious Finney guested for the club with both the Wanderers goals coming from Nat Lofthouse who a month earlier had signed professional forms. Another Preston player Bill Shankly, who had promised to give the Wanderers the benefit of his services, was unfortunately transferred to Scotland with his unit. Whilst there he turned out for East Fife but wrote to manager Foweraker explaining his disappointment in his inability to become a war time Wanderer. He stated that

SEASON BY SEASON

A look back at years gone by

Harry Hubbick— Everpresent during season

tears had almost come to his eyes when from the North bound train he saw the deserted reaches of Burnden Park and thought of the scenes of the pre war days.

Only three wins in the first league competition left the Wanderers placed 46th from 48 clubs with only Doncaster and Mansfield below.

There was a slight increase in the attendances with 8171 seeing the Boxing Day defeat by Manchester City. The second league competition of the season proved

slightly more successful whilst the knockout stages of the War Cup weren't reached due to a poor goal average.

56 players were used throughout the season with only one everpresent. That was Harry Hubbick who spent his time down the mines before turning out for the Wanderers.

His team mates behind the lines were still involved in playing football despite the war activity.

The Bolton boys faced some stiff competition on improvised pitches, where, what was lacking in facilities was more than made up for by the parti-

san enthusiasm of their crowds.

In Egypt the Wanderers of the 53rd RA were obviously out of practice when they went down 5-0 to an all star King Farouk XI in the desert heat.

Soon after though their pride was regained with a 2-0 win over the Nile Sailing Club of Cairo. The National Sporting Club were also defeated 2-1 at the Farouk Stadium in Gezira. Eight of the Wanderers team took part, Hanson, Thompson, Catterall, Goslin, Hurst, Forrest, Woodward and Howe the last two named although not in the 53rd RA were sta-

tioned in the RAF close by.

The Wanderers of the 53rd RA had built up a stout reputation and in the spring of 1943 were challenged by the self styled champions of Persia and Iraq "a team of hard bitten Poles".

The game took place at Kifri in Iraq and the 53rd RA were captained by Harry Goslin before an excited crowd of sport starved soldiers.

It must have been a spectacle to see a team of sweaty long shirted gunners running around in the desert heat but they took the honours with a 4-1 win.

HELPING THE GAME

A fine new stand - one of the many initiatives supported by Trust funds.

The Football Trust 1990 has been created to help the game at all levels and to assist clubs meet the requirements of Lord Justice Taylor's Final Report.

Safety and comfort for all spectators is the primary objective and substantial funds have been made available for the provision of seating at Football League grounds. At the same time the Trust's commitment to family and community initiatives will continue with the provision of more family enclosures, better toilet facilities, covered accommodation, artificial pitches for local use and the development of women's and junior football particularly through community programmes, plus a wide range of policing and crowd control measures.

Each year The Trust expects to receive £20 million from the reduction in Pool Betting Duty plus the £10 million continuing contribution from the Spotting-the-Ball competition organised by Littlewoods, Vernons and Zellers. This money will be invested in projects which benefit football throughout the United Kingdom.
